

# SAI KIRAN ENTERPRISES' Concrete Products Division

*Sai Kiran Enterprises is a versatile manufacturer of variety of Precast Concrete Products like Concrete Pipes, Concrete Transmission Poles, Precast Compound Wall Systems, Precast Chambers, Precast Slabs & other allied precast concrete products. We have an experience of more than 30 Years in the line of Precast Concrete Products. This profound experience has translated into expertise over the decades, ensuring the highest quality standards in the Industry.*

## Concrete Pipes or Hume Pipes

Plain End RCC Pipes, S&S RCC Pipes

We manufacture Concrete Pipes / Hume Pipes / RCC Pipes from 150mm dia to 1800mm dia as per IS-458. We manufacture Pipes in both Plain End with Collar Type and Socket & Spigot Type (S&S Pipes). We also manufacture Pressure Pipes. Concrete Pipes / RCC Pipes are used in underground drainage, sewerage lines, Water Supply, Road Culverts. RCC Pressure Pipes are used in Lift Irrigation Schemes and Large Drain Works.

Class	Type	Sizes
NP-2 Class	Low Duty	150mm to 1800mm
NP-3 Class	Medium Duty	150mm to 1800mm
NP-4 Class	Heavy Duty	150mm to 1800mm
P-1 Class	Pressure Pipes	150mm to 1800mm

### RCC Pipe Cisterns

Our array of RCC Hume Pipe Cistern is of 2500 Litres Capacity, they can be erected Horizontally or Vertically as per your need, they come with Top Cover and 3 Taps in the bottom.

RCC Hume Pipe Cistern are used as water tanks in Mini Water Supply Schemes, Rural Water Supply and community water supply.

### RCC Pipe Pump House

The RCC Pipe Pump Houses are of 4 x 8 Feet dimension fitted with MS Door, Window and Concrete Top Cover.

The Pump Houses provide high security to your pump sets. These are used in Rural Water Supply Schemes and mini water supply schemes. These can be used as Security Cabins also.

### Precast Manholes

Precast Concrete Manholes are used for various purposes like Underground Drainage, Telecom Utilities, Water Supply Schemes and Others. Manholes are manufactured in different size and can be customised as per the requirements of the Clients.

### Pre-stressed Precast Fencing Poles

The Pre-stressed Precast Fencing Poles are used for Fencing the properties, Perimeter Protection and also widely used in Solar/Electric Fencing Systems.

#### Pre-Stressed Fencing Poles :

- 100mm x 100mm x 6/8/10 Feet Length
- 150mm x 150mm x 6/8/10 Feet Length
- 100mm x 200mm x 6/8/10 Feet Length

## Concrete Poles

RCC Poles, PSC Poles & Fencing Poles

We manufacture Concrete Poles as per the REC & ESCOM Specifications.

RCC / PSC Poles are used in Electricity/ Power Transmission Lines, Rural Electrification, Layout Works and other Street lighting Works.

### RCC Poles :

8 Meter Length with Working Load of 115 Kgs

9 Meter Length with Working Load of 145 Kgs

### PSC Poles :

8 Meter Length with Working Load of 200 Kgs

9 Meter Length with Working Load of 200 Kgs

## Pre-stressed Precast Compound Wall

Our Pre-stressed Precast Compound Walls are Versatile, Strong and Durable. We can customize as per the requirements of the clients & site. They are highly cost effective compare to regular conventional wall systems.

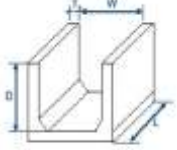

The advantages of our Pre-stressed Precast Compound Walls are:

- Speedy installation.
- Plastering not required.
- Highly Economical.
- Strong & Durable.
- Foundation Not Required.
- Re-Installable.

## Precast Storm Water Drain Or U Drain

Dimensions	Nominal Size	Length	Width	Depth	Thickness
	1000x200x250	1000	200	250	50
	1000x305x300	1000	305	300	60
	1000x450x300	1000	450	300	75
	1000x450x450	1000	450	450	75
	1000x460x375	1000	460	375	75
	1000x450x450	1000	450	450	100
	1000x450x600	1000	450	600	100

All sizes in mm

Precast Concrete U drains allow for speedier construction of Drains with minimum site work. We manufacture a full range of U shaped drains. These drains come in different Sizes and can be customised as per your needs.

Our products are manufactured in stringent factory controlled conditions that ensure highest quality. Besides storm water drainage system, these types of drains are also used in Residential Layout and Water Lines in industries.

Our Precast Concrete Cover Slabs come in different sizes, quality & designs as per your needs. These Cover Slabs are manufactured in conformity with BIS-12592.

Our Kerb Stones come in variety of sizes & designs. We also manufacture Kerb Stones with Saucer Drains together or separately.

We can also customise the above as per your requirements.
